

St Wilfrid's Mission Curriculum Intent

Our Mission Curriculum at St Wilfrid's Catholic Primary school is designed to enable children to develop their full potential through discovery of the gifts they have been given by God. We develop these gifts so that our children can "Live Life to the Full," academically, socially, emotionally, physically and spiritually, Our Mission is values led: we **love** one another, show **respect** and accept **responsibility**. Embracing **opportunity** and nurturing **creativity** we share in the **joy** of Jesus. We teach our children to use their gifts to enrich, enable and enhance the lives of others in their own families, school, parish and wider community, nation and world, throughout their lives.

**"I have come that they may have life,
and have it to the full."** John 10:10
